Business vision: I feel myself most comfortable as a webber in the media world. I think, I love to spend lot of my time in this area. Eager to learn, and use more and more text, picture and video editing and publishing techniques, software. For example; I will be glad to learn cameraman with drone, 3d movie making, quick mobile web video content publication about events, attractions, etc. I believe in lifelong learning. I love screens. I like to create and invent new project and solutions. Thought I need regulated ambiance around, I more likely to work creative, varied surrounding. I am well aware that for a peaceful, low demand living I also need a working place, so that is why I flexible and open minded for every possibilities. Especially that activities where my profession knowledge, -ordered below – is utilized. I want to use UNI-ON-LINE organization during my work as far as possible.
